Services Offered

- brings a full range of supplies, equipment and help to your home
- provides in-home personal care, nursing, therapy and social work services to help you remain independent
- provides transportation to medical appointments
- gives you "peace of mind" knowing there's a dedicated team to coordinate all your care
- gives you opportunities to make new friends and socialize with other seniors in our day center, where you can also enjoy a healthy lunch

Eddy SeniorCare is the Capital Region's only Program of All-Inclusive Care for the Elderly (PACE). PACE is a special model of care proven effective at helping older adults with long-term health care needs live safely at home.

Eddy SeniorCare supports seniors at home by bringing together under one roof a wide array of medical care, home health care, therapy, and other support services. In the PACE model of care, each participant's health and support services are managed by a care team that is based at our agency. The team includes a doctor, a registered nurse, therapists, home health aides, day center staff, transportation drivers, nutritionists, social workers, and others. The PACE "one-roof" team model of care improves care coordination and responsiveness.

Cost

No Cost for Dual Eligible Medicare/Medicaid or Medicaid Only (we assist with applications for Community-Based Long Term Care Medicaid – very easy to qualify!) Private Pay Option is available: \$7000/mo with Medicare Only; \$8000/mo with no Medicare or Medicaid (a fraction of the cost of nursing home placement and you get to stay home!)
